1. This application is in condition for allowance except for the following formal matters:

a) The disclosure is objected to because of the following informalities:

on page 32, line 4, change "between points A and" to --point--; on line 13 , delete "(pointB)"; on line 21, change "d" to --b--;

b) The drawings are objected to because in Fig.6(a), change "Temperatur" to --Temperature--; in Fig. 7(a) change "Temperatur" to --Temperature--; in Fig.8(a) change "Temperatur" to --Temperature--; . Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes

are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

c) in claims 1 and 9, last two paragraphs, the use of "if" is indefinite in that it does not necessarily have to occur; it is recommended that applicant change "if" to "when";

in claim 1, line 25, and claim 9, line 25, it is believed "first" should be changed to "second".

in claim 7, line 2, "if" should be changed to "when";

in claim 8, line 2, "if" should be changed to "when";

in claim 10, lines 4 and 9, "if" should be changed to "when";

Appropriate correction is required.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

2. Claims 1-15 are allowable over the prior art of record.

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Kokaji et al., Itoh, Tanaka et al., Watarai et al., Saito, Kato, Kato et al. all teach various temperature and drive controls for a fixing device however none disclose whether to start rotating the fixing roller depending on the condition of a third temperature detected by the second detecting member as disclosed in applicant's claims.
